The Land Conservancy of Lake County, a 21-year old non-profit organization, is looking for volunteers to assist with various needs, such as preserve management, membership recruitment, and land acquisition negotiations. LCLC currently owns 7 large parcels throughout Lake County comprising approximately 80 acres; the organization also owns 32 smaller parcels. LCLC works with landowners to preserve land through various options such as land donation and conservation easements. Please join us for one of our fun and memorable activities that benefit the local environment!
